[Remote Healing](#) is the focus and transmission of intuitive life energy for balancing and healing sent from one individual to another - healer to healing recipient. This is accomplished by means of opening to receive your power of inner healing, facilitated by "qualified healing energy" channeled and focused to you by the healer. Remote healing succeeds through supporting the knowing, healing action of the divine "healer within".

The work of the healer is to help you discern what is needed through the application of intuitive awareness, wisdom of life energy function, prayer and/or focused, intentional thought that is then directed to you for the desired healing purpose.

The Spiritual or Energy Healer focuses on the specific needs of the individual who has requested the healing work. The Healer tunes-in to what's needed and transmits "qualified energy" toward the purpose of facilitating the healing process to be activated by the recipient's own inner-healer.
